IPP COIN LINE

A. DESCRIPTION

The IPP Coin Line is an optional exchange access line for use with payphone service. The IPP Coin Line is provided with central office based features and signaling functionality.

B. DEFINITIONS

Coin Rating

A rate obtained from a table entry built into the Traffic Operator Position Switch (TOPS) with which the coin line interfaces in the central office.

Coin Supervision

The capability of recognizing and monitoring coins deposited into the payphone.

Coin Control

The capability of collecting or returning coins deposited into the payphone.

Call Screening

A screening feature that is provided with the Coin Line. This feature prevents toll fraud by restricting originating non-sent paid operator-assisted calls to collect, calling card, or third-party billing.

Independent Payphone Provider ("IPP")

The customer of Ameritech Michigan subscribing to the Coin Line.

End User

The consumer making a call from the payphone.

IPP COIN LINE (cont'd)

C. TERMS AND CONDITIONS

1. Unless otherwise specified, regulations in this Tariff are in addition to those set forth for IPP Service in Part 13, Section 2, of this tariff.
2. The IPP Coin Line offers central office based signaling required to enable coin rating, coin control, and coin supervision. The Coin Line also offers certain call screening (see definition above) designed to prevent fraudulent calls from being placed from the customer's payphone.
3. With the exception of coin sent paid local calls, rates applicable to end users for calls on the IPP Coin Line will be the same as for Ameritech's Public and Semipublic Services as specified in Part 13 of this tariff. Coin sent paid local calls will be controlled by the IPP.
4. Coin sent paid intraLATA calls from IPP Coin lines will be carried by Ameritech. Rates applicable to end users for these types of calls are at the rates specified in Part 13 of this tariff.
5. All intraLATA operator assisted calls will be handled by Ameritech operator services or an authorized Interexchange Carrier which has the necessary coin control circuitry. Ameritech unregulated operator services rates, as well as Ameritech IntraLATA toll rates, as specified in Part 13 of this tariff, will apply to end users.
6. Rates applicable to end users for directory assistance calls will be the same as those charged from Ameritech's public and semi-public service.
7. No adjustments to the usage rates charged pursuant to 8 following or any other refund will be made in the event of uncollected initial period or overtime coin charges applicable to end users.

8. Service Establishment and Change Charges - COCOT (cont'd)

d. Network Wiring Charge (NWC)

- (1) The network wiring charge (NWC) applies for the delivery, installation, move or change of all equipment when a premises visit is required to perform such work.
- (2) When a premises visit is made at the request of a customer to perform work for which network wiring charges apply, a NWC applies unless the entire portion of the order which necessitated the premises visit is canceled.
- (3) A NWC applies separately per telephone craftsperson scheduled by the Telephone Company to perform billable work on the customer's premises. When a customer requests a shorter work interval which would utilize additional telephone craftspersons, the NWC applies separately per telephone craftsperson performing such work.
- (4) The NWC applies when a premises visit is made at the request of a customer for the sole purpose of converting non-modular termination points to a network interface.
- (5) For any work charges not provided for in this or other applicable tariffs, the customer is charged the estimated cost to be incurred, unless otherwise specified.
- (6) Should the customer request that the location of the network interface be other than that designated by the Telephone Company, the NWC charges will apply for the additional work required.

d. Network Wiring Charge (NWC) (cont'd)

- (7) Should the customer request that a network interface other than the standard be placed at the NI location, the NWC and nonrecurring charge for the requested jack, as specified in Part 3 of this tariff, apply.
- (8) No NWC applies for the following customer initiated requests providing work is limited to that specified below.
 - (a) Complete termination of service. (Includes disconnections initiated by The Telephone Company.)
 - (b) Disconnection or removal of equipment.

e. Expense Incurred Option for Relocation of Service: On relocations of service to noncontinuous property locations within territory served by the Telephone Company, in lieu of paying all applicable establishment, nonrecurring and termination charges, a COCOT customer for which the initial contract period is six months or more, may elect to pay the expense incurred for relocation of service, subject to the following regulations:

- (1) The existing COCOT service involved will be moved from the existing location to the new location with the understanding that the customer will not have continuous service at such locations.
 - (2) A new contract period will not apply when the service is established at a new location. Only the unexpired portion of any existing contract periods will continue at the new location.
- f. The absence of a Nonrecurring Charge (NRC) for any specific service does not imply the waiver of appropriate NRCs for other concurrently installed services.

C. TERMS AND CONDITIONS (cont'd)

8. Service Establishment and Change Charges - COCOT (cont'd)

- g. The charges specified in this section contemplate work being performed by the Telephone Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Telephone Company, the expense incurred by the Telephone Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.
- h. In the event of damage to or destruction of a customer's premises by fire, flood or other like disaster, no Service Establishment and Change Charges will apply to the re-establishment on the same continuous property of the same (or less) service furnished to such customer prior to such damage or destruction.

9. Telephone Exchange Service - COCOT

- a. Monthly rates for COCOT network access lines are determined by access area. The COCOT's customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Part 4, Section 1 of this tariff. Except where otherwise provided the monthly rates cover the access line and central office termination.
- b. In addition to the above rates, end user access line charges as filed in Ameritech Operating Companies Tariff F.C.C. No. 2 are applicable.

9. Telephone Exchange Service - COCOT (cont'd)

- c. Quantity Discounts are available with a minimum commitment of 36 months, based upon the volume of network access lines required by a customer at a single location.
- (1) In the event that a customer terminates any or all the service during the commitment period, the customer will remain liable for the remaining charges adjusted to their net present worth equivalent using the interest rate specified in Section 2, Paragraph 3.7.13. These charges will become due and payable in their entirety immediately upon such termination.
- (2) Commission approval of the above termination liability language is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of a dispute, the signators may pursue any legal remedies they deem appropriate to resolve the dispute.
